VALENTINA

IT Oggi Valentina è un'icona, la portatrice di un valore contemporaneo, di un'estetica che può essere declinata nei modi più diversi, ma stando alle sue regole. Valentina by Guido Crepax non è più un semplice personaggio narrativo. È un simbolo, quasi uno stencil, come Audrey o Marilyn.

EN *Valentina is an icon of our times, the bearer of a modern value, of a form of beauty which could be declined in every possible way, as long as it abides to her rules. Valentina by Guido Crepax is no longer a mere fictional character. She's a symbol, almost a stencil, like Audrey o Marilyn.*
