CHAFERS

Chafers / Chafer

New from Sunnex, Dry Heat Chafers. No need to keep refilling chafers with water, this new patented technology can save up to 50% on energy usage. Simply set the temperature and you're ready to go.

NOUVEAU chez Sunnex, des chafers révolutionnaires à « chaleur sèche » pour lesquels l'eau n'est requise. Chafers lourds de haute qualité avec un couvercle trempé à « fermeture lente » et un rebord en silicone. Contrôles de température simples et écoénergétiques.

NOVEDAD en Sunnex, Innovadores Chafers de "calor seco" con los que no se requiere el uso de agua. Potentes Chafers de Alta gama con tapa de vidrio templado de "cierre lento" y borde de silicona. Con un sencillo control de temperatura y gran eficiencia energética

GASTRONORM CONTAINERS

Bacs Gastronomes / Contenedores Gastronom

A high grade, high quality, heavy range of containers beautifully made by Sunnex. Hand polished lids and rims add a quality of presentation to any servery or buffet. Made of D7 material which possess all the same attributes as 18/8, it is resistant to rust and tarnishing. All containers are made to internationally recognized standards and sizes.

Une gamme de bacs lourds de haute qualité, magnifiquement fabriquée par Sunnex. Les couvercles et les rebords polis miroir à la main ajoutent une qualité de présentation à n'importe quel buffet. Fabriqué en acier D7/D11 qui possède tous les mêmes attributs que le 18/8, avec une résistance à la rouille et au ternissement. Tous les bacs sont fabriqués selon des normes et des tailles internationalement reconnues.

Nuestra gama de contenedores Gastronom de alt agama y gran calidad son cuidadosamente fabricados por Sunnex. Las tapas y los bordes pulidos con acabado de efecto espejo agregan una calidad de presentación a cualquier buffet. Hecho de material D7/D11 que posee todos los mismos atributos que 18/8, resistente al óxido y al deslustre. Todos los contenedores se fabrican siguiendo los estándares y tamaños reconocidos internacionalmente.

ALUMINIUM BAKEWARE

Ustensiles de Cuisson en Aluminium / Utensilios para hornear de aluminio

A comprehensive range of baking sheets, pans and roasting dishes manufactured from hard wearing and durable quality Aluminium. Aluminium is perfect for baking due to its even heat distribution. Up to 6 sizes available in this heavy duty range.

Notre gamme complète de plaques à pâtisserie, de moules et de plats à rôtir est fabriquée en aluminium de qualité résistante et durable. L'aluminium est parfait pour la cuisson car il produit une répartition uniforme de la chaleur.

Nuestra amplia gama de bandejas para hornear, cazuelas y fuentes para asar están fabricadas con aluminio resistente y de alta calidad. El aluminio es perfecto para hornear debido a su distribución uniforme del calor.

CAST IRON COOKWARE

Batterie de cuisine en fonte / Utensilios de Cocina de Hierro Fundido

Cast Iron is the very best cookware you can buy. With superb heat retention and spread. For use on any form of hob, including induction, or in the oven, at home or commercially. A beautiful alternative for buffets. Often used on heated buffet tables as an alternative to GN containers. Black or Red with stainless steel knobs.

Populaire ces dernières années par son utilisation croissante par les chefs de télévision et son utilisation accrue sur les tables de buffet chauffées à la place des plats gastros. Elle est idéale pour une utilisation sur n'importe quelle forme de plaque de cuisson, y compris l'induction et le four car elle a une excellente rétention et diffusion de la chaleur.

Se han hecho populares en los últimos años debido a su uso cada vez mayor por parte de los chefs que aparecen en televisión y se han empezado a usar con mayor frecuencia en las mesas de buffets calientes sustituyendo a las sartenes de gastronorm. Con una excelente retención y distribución del calor, es ideal para usar en cualquier tipo de cocina, incluida la deinducción o incluso en el horno.

ORION ELEMENTS

Orion Elements / Orion Elements

A unique range of hand crafted pieces, for a modern contemporary presentation. Seven colours with a mineral 'sprinkle' so each piece is unique. "Mix n Match" table settings Complies to BS4034:1990

Sept couleurs sont disponibles, chacune avec une pincée de minéraux qui rend chaque pièce unique. Notre gamme Elements est également entièrement vitrifiée comme notre gamme Orion.

Una gama única con piezas hechas a mano para una presentación moderna y contemporánea. Con siete colores disponibles, cada uno con un toque mineral para garantizar que cada pieza sea única.

Fish & Chips

Fish and chips are still the number one hot food choice across the nation.

French Fries

Did you know about the health benefits of french fries? They are a source of potassium, which helps to lower blood pressure. They also contain antioxidants that help to fight free radicals in the body.

BREAD BASKETS

Paniers à pain / Cestas de pan

Large choice of sizes. Natural colour or black 'Poly rattan' looks like Rattan but can be hand washed for hygiene. Inner wire frame so the baskets keep their shape. Woven wooden bowls and Chrome baskets for bread, or display.

Nous offrons un large choix de tailles et de styles de corbeilles à pain. Notre plus populaire étant la gamme poly-rotin, qui a l'apparence du rotin mais peut être lavée à la main pour des raisons d'hygiène.

Ofrecemos una gran variedad de tamaños y estilos de cestas para el pan. Nuestra gama más popular es la Poly-Rattan, que tiene la apariencia de ratán pero se puede lavar a mano para una mejor higiene.

FSCI-1	1/1 GN Size	26cm	10.5"

Widely used in cafes, canteens or serveries. Biscotti jars with, or without lids to save cost. Clip-top storage / preserving jars with rubber seals often used in presentation.

Largement utilisés dans les cafés, les cantines ou les self services, les bocaux biscotti sont parfaits pour présenter des plus petites choses, ils sont également disponibles sans couvercle pour réduire les coûts.

Ampliamente utilizados en cafés, cantinas o comedores, los frascos de vidrio son excelentes para presentar artículos pequeños. También disponibles sin tapas para reducir costos.

KNIVES AND CUTLERY

Couteaux et Couverts / Cuchillos y cubiertos

Whilst lots of items cross over from one market sector to another, we will always have Housewares/retail items for the home. Still the Sunnex quality you would expect.

Bien qu'un certain nombre d'articles se chevauchent d'un secteur du marché à l'autre, nous aurons toujours des articles ménagers pour la maison avec la qualité Sunnex à laquelle vous vous attendez.

Algunos artículos pueden ser usados tanto en cocinas profesionales como en su hogar y podemos asegurar que siempre tendremos artículos para el hogar con la calidad Sunnex que espera.

Acacia Wood

Acacia wood is a natural product and as such there will be variation of colour and grain from time to time. As with all wood Acacia wood is not dishwasher safe and should be washed in warm soapy water and dried immediately. Do not soak in water. As with many wood products Acacia wood can dry out, so store in a cold dry place and we recommend applying vegetable oil every so often to maintain the colour, however as this is a natural product the colour may deteriorate over time.

Olive Wood

Olive Wood is a hard wood renowned for its strength and rustic appearance. Our olive wood is carved from a single piece of wood meaning its colour shape and grain will not be consistent. Olive Wood is not suitable for dishwasher use and should be handwashed in soapy water and not left to soak. Store in a cool dry place and apply vegetable oil to maintain colour.

Slate

Avoid cutting directly on to the slate with sharp objects as this will mark the surface. Slate is not dishwasher safe and should be washed in warm soapy water and dried immediately. Do not allow the slate to soak.

Stainless Steel Cookware

Stainless Steel is the standard in the catering industry as it is easier to clean, more hygienic and more durable than aluminium. It should be noted that using metal utensils may result in the scratching of surfaces. Stainless Steel is dishwasher safe.

Aluminium Cookware

Do not use metallic utensils on any aluminium cookware as this could scratch the coating. Aluminium is not suitable for dishwashers.

Black Iron Cookware

Our Black Iron cookware is supplied with a protective layer that should be removed before use with warm soapy water. Before use the pans should be seasoned by gently heating a small amount of oil and allowing it to cool before disposing of it. This is behind the process of forming a natural surface over time. Our black iron pans are suitable for use with any heat source. When finished cooking pans should be cleaned only using kitchen paper. Black Iron is not suitable for dishwasher use.

Enamelware

Enamelware is the perfect solution to breakable ceramics due to its steel foundation. Due to the nature of enamel every product can differ slightly. Wash before first use. After use remove any excess food with a damp cloth. Do not use abrasive cleaning materials. Safe for use in the oven and dishwasher.

Electrical Equipment

12 month electrical guarantee. We will offer an exchange or refund within 30 days of delivery. If the fault occurs within 12 months of delivery we will offer a full exchange. In all cases we reserve the right to inspect the damaged product and verify the fault. Visit www.zodiacspco.co.uk for full terms and conditions.

WEEE Compliance

Under WEEE regulations we will take back end of life WEEE products that were sold by Zodiac Stainless Products Co. These products will be disposed of in accordance with WEEE regulations.

Images

All images used are for illustrative purposes, actual product may differ.
